Package: talaan (via r-universe)

September 12, 2024

Type Package

Title An Interface to the Philippine Civil Registration and Vital
Statistics Data

Version 0.0.0.9000

Description The Philippine Statistics Authority (PSA) makes civil
registration data publicly available through their monthly
updates on numbers of births, deaths, and marriages released
via their website. This package provides utilities for
accessing and processing the civil registration and vital
statistics data released by the PSA.
